ABOUT ME

I am a Software Engineer. I am doing my software engineering from UMT in last year. I am a MERN Stack Developer and PHP Developer. I am too much passionate to get a lot experience in MERN Stack. I am fully dedicated and enthusiastic for my work.

WORK EXPERTISE

Jan 2023 - Present
UMT, Lahore

PHP Full Stack Web Development

I can make full stack websites using HTML, CSS, Javascript, JQuery, AJAX and PHP as backend language. I have made some websites using PHP like Blogging Site, E-commerce etc.

May 2023 - Present
UMT, Lahore

MERN Stack Web Development

I am currently doing full stack development in MERN Stack where I have learned basic concepts of Mongo DB, Express JS, React JS and Node JS. I want to build my career in MERN Stack development.

2022 - Present
UMT, Lahore

Web Design

I am also doing web designing using Figma. I have made a lot of prototypes and user experiences using Figma.
